

Nørrebro School's principle for students' use of mobile phones and iPads

Nørrebro School is mobile-free as a starting point during school hours/SFO.

Students may bring their own mobile phone/iPad to school.

Mobile phone/iPad is handed in at the start of the school day and stored in a locked cabinet in the classroom and returned at the end of the school day.

After agreement with the school, students' private mobile phones/iPads can be used in teaching and as a special aid.

Nørrebro School's iPads are used for teaching and break activities. The school ensures that data (pictures/video/text) is not stored on the school's mobile phones/iPads.

The principle was decided by Nørrebro School's board on 27/11 2018.
